To Whom It May Concern:

Eni has worked with Clark, Duncan & Morris very closely during the past several months. During these months, Clark, Duncan & Morris assisted with the closing of our New Orleans office and the reorganization of our Houston office. Eni had to moved office furniture and files from New Orleans to our Houston office. CDM was on the receiving end of this move until we decided that Eni would benefit from CDM's work ethics and expertise if they handled the complete move.

Clark, Duncan & Morris have handled all of Eni's internal office moves as well as installs. They have a professional team that is a pleasure to be around.

Peter and Sherie are also a pleasure to do business with, always there for any project doing whatever it takes to get the job done. Many of these projects can be, and have been without much notice.

I can confidently recommend them to anyone looking for a reputable company.

Sincerely

Windle Martin
Office Services / Records Management Manager
