Dear Sherie,

I'd like to send a quick note to thank you and the team at Clark, Duncan & Morris for the services you provided to MMK Consulting, Inc. and to our client PricewaterhouseCoopers during the Houston office re-Stack in July 2010.

This was a complicated and fast track project from the onset. Your commitment to the project was unwavering. CDM was always able to make adjustments and rise to new challenges in order to complete the project. You were able to provide additional equipment and manpower when it was needed on short notice.

It would be my pleasure to recommend Clark, Duncan & Morris to potential clients in the future and I look forward to the next opportunity to work together.

Regards,

Martha A. Moylan, President
MMK Consulting, Inc.
