

MAGNUM HUNTER
RESOURCES CORPORATION

March 3, 2011

Dear prospective client,

Magnum Hunter has now used Clark, Duncan, and Morris on two occasions per a recommendation from another client. They are on time, very accommodating, helpful and make a great evaluation of the job to provide you with the tools and personnel required to complete the move in a timely manner. On our second move, a glass conference table top was broken and within 2 minutes of the occurrence, it was photographed, documented and I was notified immediately as to action that would take place the following day. Clark, Duncan and Morris set up two bids and had the glass replaced within a few days. I received status updates immediately after the bid selection on when the new glass would be delivered. Overall Clark, Duncan and Morris's team is an excellent and very nice company who are all on the same page. I will continue to use their service for any of our company's future moves and highly recommend them.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Marisa Gilmore', with a long horizontal flourish extending to the right.
