Dear Peter,

We want to take the time to express our appreciation for the efforts of your team in facilitating our relocation project. You exceeded our goals by accounting for every move detail with your project management team. Beginning with pre-move planning to the final post move detail; your team's involvement on a daily basis well surpassed our expectations.

clark, duncan & morris provided a turnkey project solution for our contents, desktop P.C.'s, and our Data & Network Server Room. They also moved our parts & inventory warehouse, keeping the product indentified, labeled and in order for a seamless transfer into our new production facility. Our warehouse was a major logistical concern.

Your firm made the project easier and more effective for Pason and our associates. Sherie, Trudy and Peter were patient, diligent and worked extremely hard to anticipate our needs and responded quickly, when needed. This team took their responsibilities seriously and made it clear that Pason was invaluable. We at Pason appreciate their service philosophy, as we too deliver that quality service to our clients.

Sincerely,
