To Whom It May Concern:

It is my pleasure to recommend Clark Duncan and Morris as your relocation firm.

I recently employed them for my company's relocation from downtown Houston to The Woodlands. I interviewed several other relocation firms and selected them due to their proactive approach and their professionalism.

They anticipated our needs and were helpful in providing meaningful solutions for the numerous obstacles encountered moving into a new building. CD&M coordinated and performed personal on-site attention throughout the entire move process. Additionally, their team's professional ethics were superb.

I would be delighted to offer more information if needed via phone conversation.

Sincerely,

Vanessa Gallo
